TEMPEST and TSG Class A Approved Cisco 7975G VoIP Phone

Manufacturer: CIS Secure Computing

Certification

- NSTISSAM 1-92 Level I
- NATO SDIP-27 Level A (equivalent)
- CID09/15A (equivalent)

Key Features

- 5.6-inch TFT color display with backlight
- Supports a built-in 10/100/1000 Ethernet switch for PC connection
- Meets CNSS 5001 defined requirements for use in SCIF and SAPF environments
- Class A Type Acceptance

The TEMPEST and TSG Approved Cisco 7975 VoIP phone is a full featured IPv6, SCCP and SIP capable phone. It provides eight programmable backlit line/feature buttons and four interactive soft keys that guide a user through call features and functions, and audio controls. A custom molded housing makes the phone aesthetically pleasing and suitable for Executive applications.

Speakerphone capabilities are removed from the phone.

Available Configurations

Options
